Dear Mr. Wingle:

At this time the Fillmore Field Office Bureau of Land Management (FFO-BLM) acknowledges the receipt of a complete notice, and the notice has been accepted by this office per the following stipulations.

- The permittee shall protect existing pipeline, telephone, telegraph, and transmission lines, roads, trails, fences, ditches, and like improvements during construction, operation, maintenance, and termination of the project. The Holder will contact other right-of-way users of public lands affected by this project in advance of any construction activity. Damage caused by the Holder to public utilities and improvements shall be promptly repaired by the Holder to a condition which is satisfactory to the authorized officer. The following ROW is shown on the Master Title Plats:

UTU-79371

ROW Width 10 feet

Beehive Telephone Co.
2000 Sunset Dr.
Lakepoint, UT 84074

This notice remains in effect for two years. If you wish to extend the notice you must inform the BLM in writing on or before the expiration date. The notice has been assigned BLM serial number UTU-079867. Please use this serial number to refer to the notice

Prior to changing your operations from those described within the notice, you are required to modify your notice with the FFO-BLM.

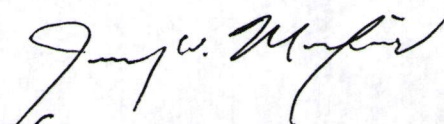

All hazardous materials associated with your operations along with information regarding their use, storage, transport, quantity, generation and disposal must be reported to the FFO-BLM.

In the event of an unanticipated cultural resource discovery on BLM administered land, operations in the immediate area will be suspended until written authorization to proceed is issued by BLM. The discovery will be evaluated by BLM and appropriate mitigation measures will be developed in consultation with SHPO and the Proponent. The proponent will be responsible for the cost of evaluation and mitigation.

Acceptance of your notice does not serve as a determination of the validity nor ownership of any mining claim included under your notice.

If you have any questions or concerns please contact Matt Rajala, Natural Resource Specialist, at (435) 743-3124.

Sincerely,

For Sherry K. Hirst
Field Office Manager
